CASE NO. C20-1571 MJP

ORDER REQUESTING RESPONSE  
TO MOTION FOR  
RECONSIDERATION

16                  This matter is before the Court on Petitioner's motion for reconsideration. (Dkt. No.  
17 135.) The Court requests a response from Respondent so that the issues Petitioner raises may be  
18 considered in full. Reconsideration will be limited to the following two issues: (1) whether a  
19 Spanish court order makes it impossible for the psychological evaluation to take place anywhere  
20 other than in Spain; and (2) if the Spanish court order does not prevent Petitioner from traveling  
21 with S.L.C. outside of Spain, where and with whom S.L.C. shall reside in Washington during the  
22 psychological evaluation.

Respondent shall file her response by March 25, 2022. The motion is re-noted to that date. In addition, Petitioner submitted exhibits that are not yet translated. He shall file translations of exhibits B, C, and D by March 23.

The clerk is ordered to provide copies of this order to all counsel.

Dated March 18, 2022.
